Table of Contents

If you need debug information, you can specify the following entries in Config.groovy:

Listing 1. Logging setup

```
log4j = {
    ...

debug 'grails.plugin.springsecurity',
    'grails.app.controllers.grails.plugin.springsecurity',
    'grails.app.services.grails.plugin.springsecurity',
    'org.pac4j',
    'org.springframework.security'
    ...
}
```
